JOSHUA CARBAJOSA

joshuacarbajosa74@gmail.com | +639951449015 | Cavite City, Philippines

SUMMARY

Full Stack Developer with hands-on QA experience — manual and regression testing, test case design, and defect tracking — alongside full-stack development across UI, REST APIs, and backend services. Detail-oriented, with a track record of verifying fixes and collaborating closely with developers to improve release quality.

EXPERIENCE

Full Stack Developer — Cyber.Ma, Czech Republic **Nov 2025 – Jul 2026**

- Manually tested new features and regression-tested existing functionality across front-end and back-end changes prior to release, documenting and tracking defects through resolution.
- Designed and implemented RESTful APIs, testing endpoints for correct request/response handling and edge cases to confirm reliable front-end/back-end communication.
- Verified bug fixes, maintained consistent styling with SASS, and configured CDN and Git workflows to support reliable, collaborative releases.

IT Specialist Intern — Makati Medical Center, Makati City, Philippines Apr 2025 – Jun 2025

- Tested and validated a web-based advisory system across departmental use cases before rollout, improving internal communication and operational efficiency.
- Troubleshot hardware, software, and network issues, verifying fixes and configuration changes to ensure reliable daily operations for hospital staff.
- Implemented and validated additional software solutions that increased efficiency across hospital departments.

PROJECTS

Signoff (QATestCase) — QA Test Case & Bug Tracker SaaS

Next.js, React, TypeScript, Tailwind CSS, PostgreSQL, Prisma, Auth.js, Stripe, Anthropic API

- Independently designed and built a full-stack QA test-case and bug-tracking SaaS product (~33,000 lines) covering multi-tenant workspaces, role-based access, and end-to-end release reporting.
- Integrated the Jira and GitHub APIs (AES-256-GCM encrypted per-user credentials) so failed test cases auto-file bug tickets, and built AI-assisted test case generation via the Anthropic API.
- Implemented secure authentication (email verification, password reset, session management), shareable revocable public release-report links, and deployed live on Vercel with 15 Prisma migrations.

APBS (AttendeePay Business Suite) — Payroll & Attendance System

React, Material UI, Express.js, MySQL, Node.js, Python

- Built a full payroll and attendance management system (~76,000 lines, ~65 MySQL tables) for a Philippine employer, covering payroll runs, leave, loans, and payslip generation.
- Modeled Philippine statutory payroll deductions (SSS, PhilHealth, HDMF, and tax brackets) as configurable data rather than hard-coded logic.
- Implemented role-based access control (Admin, HR, Accountant), PDF/Excel report exports, and a custom Node.js/Python biometrics bridge for fingerprint and RFID hardware on Linux.

Marketing Mindset — Business Education & Marketing Community Platform

Laravel, PHP, Vue 3, TypeScript, MySQL, Redis, Stripe

- Contributed as a full-stack developer to a large, live production platform (~3,800 backend files, ~1,000 Vue components) combining courses, consulting, community, and e-commerce.
- Built and maintained features within a modular monolith architecture (Controllers → Services → Repositories) across course delivery, consultant workflows, and payments (Stripe Connect payouts).
- Worked within a test- and tooling-heavy CI pipeline, including PHPUnit, Vitest, Playwright end-to-end tests, and PHPStan static analysis.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript, React.js, React Native, Vue.js, Node.js, Express.js, PHP, Laravel, Python, C#/.NET, HTML5, CSS, Bootstrap

Databases: MySQL, SQLite, PostgreSQL, NoSQL databases

Tools & Workflow: Git, Jira, Bitbucket, RESTful API Integration, CDN Configuration & Management, UI/UX Fundamentals

EDUCATION

Bachelor of Science in Information and Technology **Sep 2021 – Oct 2025**
Cavite State University – Cavite City Campus

Senior High School – Computer System Servicing **Jun 2019 – Mar 2020**
Sangley Point National High School – Cavite City
